## **DETAILED ACTION**

## Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-8 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Santa Cruz et al. Santa Cruz et al. shows the use of an article of furniture comprising a stepped stool (10) having a pair of side frames (see Fig. 4) supporting a seat (15) and a footrest (14). The footrest is further strengthened by cross braces (20,30). Santa Cruz et al., further discloses that the stepped stool is made from wood, metal, plastic and with the use of screws (see col. 2, liens 30 and 59) where the footrest may be adjusted in a vertical manner depending where it is locked along the recess in the side frames.
- 3. Claims 1-7,9 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Kneier (2002/0060491). Kneier shows the use of an article of furniture comprising a stepped stool (10) having a pair of side frames (14) supporting a seat (10) and a footrest (12). The footrest is further strengthened by cross braces (30,32). Kneier, further discloses that the stepped stool is made from wood, metal, plastic and with the use of screws (see pg. 3, paragraph 47) and includes armrests (58,60).

## Response to Arguments

4. Applicant's arguments filed 3/16/07 have been fully considered but they are not persuasive. In response to applicant's arguments that Santa Cruz and Kneier fail to explicitly

Art Unit: 3636

state their inventions as being a "stepped stool", a recitation of the intended use of the claimed invention must result in a **structural difference** between the claimed invention and the prior art in order to patentably distinguish the claimed invention from the prior art. If the prior art structure is capable of performing the intended use, then it meets the claim. The examiner is of the opinion that both the Santa Cruz and Kneier inventions do in fact disclose the use of a "stepped stool" so far as defined by the claim invention, as one could easily sit atop the lid of the Santa Cruz "receptacle" and sit upon the seat of the "chair" of Kneier in order to assist in the act of putting on and taking off their shoes.

5. Applicant's arguments fail to comply with 37 CFR 1.111(b) because they amount to a general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the references.

## Conclusion

6. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony D. Barfield whose telephone number is 571-272-6852. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
